

**2012 MID YEAR MEETING AND SCIENTIFIC ASSEMBLY  
REGISTRATION PACKET**

**FOUR SEASONS HOTEL  
ONE LOGAN SQUARE  
PHILADELPHIA, PENNSYLVANIA  
APRIL 19-22, 2012**

November 11, 2011

We are pleased to invite you to attend the 2012 Mid Year Meeting and Scientific Seminar to be held in beautiful Philadelphia at the Four Seasons Hotel April 19-22. Our conference is ideal for physicians, residents and students interested in neuromusculoskeletal medicine. We are pleased to offer two didactic tracks. Our physician didactic sessions will focus on chronic disease management while our student track will focus on the road to residency, a residency fair, a scientific poster competition and a clinical skills workshop.

Our physician track schedule includes talks on chronic disease related to physiology diagnostics and treatments including a workshop on office based procedures being taught by nationally recognized expert in the field, Abraham Alfaro, DO.

If you have been to an AOCPMR meeting, you already know what a rich educational experience it truly is. If you have not been to an AOCPMR meeting, you're in for a real treat. Our membership is friendly and our doctors are leaders in the field of physical medicine and rehabilitation. We have experienced an unprecedented rate of growth in the last four years and are excited to share the successes and accomplishments of that growth with you.

We hope you will join us and are looking forward to seeing you in Philadelphia.

Sincerely,

*Stephanie Wilson*

Stephanie Wilson

Executive Director
